Dear Farai

Fenn Wright would like to thank you and the rest of the band for providing some wonderful background music to our Corporate Event. Not only did you play great steel band music but you even gave a few of the members of staff a quick lesson on how to play the drums!

The standard of service you offer is excellent and we would have no hesitation in recommending you to other Companies looking for something a little bit different.

Thank you once again and we wish you well for the future.

Yours sincerely

Fenn Wright
